

Grouse Hunting

We offer grouse hunting with pointing dogs on private land in the mountains of Ljungdalen. The land has a unique population of grouse.

This is a Slow adventure package - inspiring connections with the outdoors. Surrendering to the natural forces of the environment as you reflect, reconnect and become closer to nature.

We start the day with breakfast in the cottage. You prepare your own lunch package out of the buffet. We hunt during the day and will stop and have outdoor lunch in the middle of the day.

After a long day hunting in the mountains, it's great with relaxation. Feel free to use the sauna by the lake. Deep relaxation and mindfulness in nature are element that are part of our concept.

You will be served dinner in the cottage by the guide.

Let us add a little excitement to your life for a few unique days of hunting in a Slow Adventure way in Ljungdalsfjällen.
